BENJI REID FIND

YOUR

EYES

Experience the collision of photography, choreography and performance in this astonishing live show.

Benji Reid is an artist like no other. Find Your Eyes draws on Benji's work both as an award-winning photographer and pioneer of hip hop theatre – bringing dancers and photography into the fold to create images in real time in front of the audience.

Journeying through highs and lows, Find Your Eyes explores how we make sense of the world through our stories and our art.

Nowhere else will you witness a show like this. Miss this and you miss a moment of pure artistic magic.

"A powerful show, filled with devastating honesty and wonder."

THE GUARDIAN
